Remarks

The Applicants note with appreciation the Examiner's helpful comments in the Advisory Action with respect to addressing several formalities. The Applicants have, therefore, rewritten Claims 5, 6, 8 and 10 in proper form with appropriate underlining and brackets. Confirmation is respectfully requested.

The Applicants enclose an Application Data Sheet to provide appropriate residence and mailing address information in accordance with the Examiner's request.

The Applicants enclose a Supplemental Declaration (in unexecuted form, the executed original will follow shortly) which includes the suggested language of "every error in the patent which was corrected in the present reissue application, and is not covered by the prior declaration submitted in this application, arose without any deceptive intention on the part of the Applicants.

The Supplemental Declaration also includes the new duty of disclosure language with respect to "material to the patentability." Entry of the Supplemental Declaration into the official file is respectfully requested.

The Applicants respectfully request that the above changes and Supplemental Declaration be considered on the merits and that the application now be passed to allowance.

In light of the foregoing, the Applicants respectfully submit that the entire application is now in condition for allowance, which is respectfully requested.

Respectfully submitted,
